Continuation of Substance of Interview including description of the general nature of what was discussed:  
The Examiner contacted Applicants' representative to seek clarity on claims 1 and 15 because the claims, as drafted, were confusing. Additionally, the dependency of claim 15 on claim 1 appears to have been inadvertently deleted from claim 15 in Applicants' amendment to the claims accompanying Applicants' Response to the Restriction Requirement, submitted 8 March 2006. Applicants' representative clarified the dependency and stated that claim 15 should depend from claim 1. Further, Applicants' representative clarified claims 1 and 15 and stated that both claims should read on receptor binding domains of a ligand. Applicants' representative stated that he will be submitting a voluntary amendment to further clarify the claims.
